Lakeland Baptist Lakeland, GA	5/27

### The Price Update

Praise the Lord! Several of the meetings we have had the last two months have expressed interest in supporting our ministry, or have already started to support us. Our support level has increased again from our last prayer letter. As of our last prayer letter our support was at 45%. We currently have committed for support 57%. This has truly been an encouragement to us as we see the Lord provide. Please continue to pray that housing would open up for us in May. We have not scheduled

### Water Pump?

Life is full of surprises. One day when we were driving home from a meeting, our car started losing a lot of coolant. When I pulled into a gas station, I noticed that it was coming from the water pump. I fill the radiator up with water and drove 1/2 mile to the parts store. When I got there the clerk told me that they did not have one in stock and that I would have to drive

meetings for the early part of May so that we can clear out our home and sale our furniture and move on. As of right now, we will be living with family and friends between meetings until we find housing or we get to the field. Please also continue to pray that we are able to finish deputation by this fall or end of the year so that we can be in France by this year. We truly are ready to be where the Lord has called us to serve Him in the ministry.

twelve miles to the next parts store. When I left the store, I again had to fill the radiator up with water and drive twelve miles losing coolant the whole way. When we got to the next parts store, we had lost most of our coolant and had barely made it. Praise the Lord though that this store had a water pump, and that I was able to replace it without any other problems.

### Requests & Praises

- Praise the Lord that our support has increased.
- Praise the Lord that He has protected us as we travel.
- Praise the Lord for the good meetings we have had recently.
- Pray that we would be able to find housing for us while on deputation.
- Pray that our vehicle to continue to run well.
- Pray that we would continue to be able to fill our schedule with meetings.
- Pray that others would take us on for support quickly.
