Faith Baptist (Montgomery, AL)	1/29

The Price Update

Dear Friends,

The months of October and November have been quite busy for us. The Lord has allowed us to have several meetings as we began our first few months of deputation. He has shown us His protection in keeping us safe as we have traveled several thousand miles to get back and forth between meetings. As we begin December, things are not slowing down for us. We will be involved in our first missions conference this month, which is very exciting for us. We are thankful to the Lord that we have

been able to keep things moving even during the holiday season.

The week after Thanksgiving, God truly gave us something to be thankful for. Since then, I (Dave) have not had to work a part-time job, God has seen fit to provide by different means to meet our needs. This has allowed us to spend more

time on the phone reaching pastors and sharing our ministry with others. It also allowed me (Dave) to help the home office setup a contact database that they needed.

Prayer Requests:

- Pray that we would be able to completely fill our calendar with meetings.
- Pray that more people and churches would begin to support our ministry
- Pray that God would provide a way for us to get to France this summer for 2-3 weeks so we can evaluate possible cities to work in once we go to the field permanently.
- Pray for safety while we travel to and from meetings
- Pray that we would be an encouragement to those we meet while on deputation

Support Level Increase!!!

Praise the Lord!! We never expected our support to increase as quickly as it has. The Lord has truly blessed us in ways that are beyond saying. As of the first of September, we did not have any support coming in. As of the first of December, several churches and individuals have begun supporting our min-

istry. We praise the Lord for His continued blessings and thank everyone that has taken part in our ministry. Please pray with us that others would also begin to support us so we can get to the field as quickly as possible.
