### Prayer Requests:

- Pray that we are able to finalize the details for our trip to France this summer and that we are able to afford it.
- Pray that others would begin to support our ministry.
- Pray for safety while we travel many miles between meetings.
- Pray that Melissa would be able to quit work by the end of May.

### The Price Update

Dear Friends,

We thank each of you for your continued prayers and support for our ministry. We have been quite busy during December and January. During the past two months, we have been involved in two missions conferences and have been in many other individual meetings. Our time in these various churches have been a great blessing to us as we share our burden for France.

As you look at our upcoming schedule, you may notice that it seems a little slim; but, in actu-

ality, it is quite busy. Each of these next five meetings coming up are missions conferences. God has truly blessed us with the opportunity to spend time with these churches to get to know them better than if we were in the church for just one service. One of the most difficult things I have had to do in scheduling meetings is to tell a pastor that I was not able to come to his missions conference because we were already scheduled to be in another one during the same time.

Please pray specifically

for us as these conferences approach that we would have the strength to get through them. Though they are a tremendous blessing to us and the churches, we have learned that they take a lot of energy.

### Danger: Deer Crossing

If you have been praying for us to have safety on the road as we travel, your prayers have been answered. God has spared us from hitting deer in the road on two different occasions while we were returning from meetings. Each of these times we were within feet of the deer before it got out of the way. Sometimes we

do not think that small prayers such as praying for safety really change anything, but God wants to answer prayers that we often do not really even consider what we are praying for. As we continue to travel, please continue to pray for our safety. Your prayers are being answered.
