Praises & Requests

- Praise the Lord for increased support!
- Praise the Lord we are done with deputation.
- Praise the Lord He kept us safe through deputation.
- Pray that our visas would come in shortly.
- Pray we would be able to find a home and vehicle quickly when we arrive in France.
- Pray that the remainder of our outfit and passage funds would come in.

The Price Update

Praise God, we are finally done with deputation! God has been so good to us through our deputation trail. We have been in many

churches and gained many friends along the way. We are looking forward to getting to the field shortly. Please pray that everything will come together for us to leave for France within

the next month. God has provided some pretty big blessings recently. One blessing that we have received is furniture and housing appliances waiting for us in France. Some French people we met while they were here in the States are moving out of France, and are giving us all of their furniture. Another blessing that God has provided is plane tickets. A person in one of our supporting churches heard that we were ready to leave for the field and provided the tickets for us. God has been amazing in providing things that we would never have imagined. Since we are ready to leave for the field, we are

living out of suitcases so that when our visas come in we can make our way to NYC to say goodbye to family and fly out from there to France. We are traveling with two suitcases each and are

shipping seventeen boxes. Please pray that the remaining support needed will come in.

Departure!

Some may be wondering if we have our visas yet. As of now we are still waiting on

them. With deputation over, we are ready to leave for the field as soon as we

get our visas. Recently I spoke with the consulate and was advised that they are waiting on the final approval from France to issue our visas. Please pray that this happens quickly. We have plane tickets set for 6/17 to leave for the field. We

need our visas to arrive before then. Our original departure date was set for 5/26, but we did not receive our visas by then so we had to change our departure date. We cannot wait to get to the field and start serving in France.
