The Price Update

Praise the Lord, He is worthy. In the last two months we have been traveling many miles. Throughout these miles God has kept us safe. These last several months we have seen a couple of milestones in our deputation ministry. One such milestone is our car rolled over 200k miles. When we started deputation we had only 80-90k miles on the car, which means we have driven over 110k miles during deputation. Our car still runs well, but in the last several months we have had to replace parts on it that have worn out (radiator, wheel bearing, radio, and others). Please pray that it can make it to the end of deputation. Another milestone that was reached is our support level.

Where Am I?

In the last two months we have been in CT, NY, NJ, MS, AL, VA, and FL (I think that is all of them). We have been blessed that we were able to be busy with meetings. One humorous consequence of that is sometimes we do not know where exactly

We praise the Lord that we have crossed the 70% mark of support that has been promised. The Lord has allowed our support to continually increase step by step. Please pray that the churches we have visited would be burdened for our

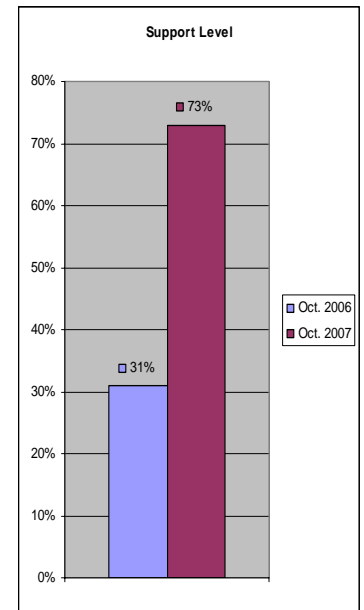

ministry and begin to support us. We truly are ready to get to the field, but we need the remainder of our support to come in. Please pray for our travels

we are. It has been a little interesting at times to wake up in someone's home from

the church we were at, and not be sure where we are in the middle of the night. It

during the next several months. We will be involved in several mission conferences and also other meetings with churches. We will be traveling to several states and putting on many miles. Thank you for your prayers for us.

has also been interesting to try and remember which church we were at last week. At times it has been difficult to remember which week of the month it was that we were with a specific church because of our weeks passing by so quickly.
