The Price Update

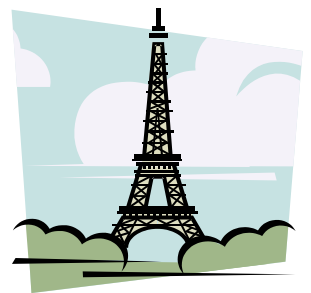

These last couple months flew by very quickly. It is hard for us to believe that we are already into the Fall season, as for us it seems like summer just ended. About three weeks ago, we had two great blessings. Two ladies trusted Christ as their Savior. One of the ladies is named Christine, and the other is Consuelo. Please pray that God would work in the hearts and lives of these two women. Christine has shown a great desire to learn from God's Word, and we have started a discip-

Apollos Program

As you saw in the last prayer letter, we are helping in a new Bible training program. The Apollos Program started about four weeks ago. The Lord has answered our prayers in that He has sent us students who desire to learn from His Word. Please pray that God would use this time in the young people's lives to help train them and mold them into great servants of the

ship program with her. Melissa and I meet with her once a week to work through the lessons in the program. Consuelo also has shown interest in learning about her new faith, but it is a little slower. She comes from a Gypsy family, and she is not accustomed to doing anything outside of her family and community. She has come to church two times already, and that in and of itself is a large step for her to take. Please pray that God would continue to work in the hearts and lives of

these women. During the last two months, we also had a team come and work in the camp that we help in during the summers. We were able to take the ladies of the group that came and the young people of the Apollos Program out distributing Gospel literature into the mailboxes of five different cities. That is over 4,000 pieces. Praise the Lord!

Lord. The five students will be staying at the camp for another month before they head to northern France to serve in the local churches there. They will then come back to the camp in the Spring, from April to June. Please pray that the Lord would help us, and as we teach several classes that it would be a blessing to them. I am teaching three classes every week, Apologetics,

Church Administration, and Personal Witness. Melissa will be helping in different ways also. Next week she will explain how to properly clean a home and church.
